

## IMPORTANT INFORMATION ABOUT YOUR APPLICATION FOR CREDIT

When you submit your credit application to one of our businesses, a qualified analyst will review it, check the references and quickly forward the information to the Corporate Credit Department, where a final decision for credit is made. Here are a few points to remember to ensure a speedy process:

- **Please make sure your credit application is fully executed, signed and dated by the owner, officer or principal of your company. Missing information could delay the processing of your credit application or result in denial of credit.**
- State your amount of credit desired for a normal 6-week basis in the space provided on page #2 of the application. (Tip: try to be sure that the trade references you provide either match or exceed the credit line you are requesting). Applications will not be processed if blank.
- For references (bank & trade):
  - A minimum of one bank and three trade references are required
  - When possible, include account numbers, phone numbers, fax numbers and contact person(s)
- If you use a separate sheet to attach additional information, please refer to the attachment in the main body of the credit application, e.g., “See attached information sheet.”
